

## **REMARKS**

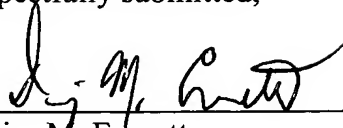

By the present Amendment, claims 87-108 have been added. Support for claim 87 is found in the specification at page 97. Claim 88 contains limitations from original claim 66. Support for claim 89 is found in the specification at page 95, lines 28-32, while claim 90 contains limitations from original claim 35 and claim 91 contains limitations from original claims 45, 66 and 67. Claims 92, 93 and 94 contain limitations from original claims 3, 4 and 5, claims 95, 96, 97 and 98 contain limitations from original claims 9, 10, 11 and 12, and claims 99, 100 and 101 contain limitations of original claims 13, 14 and 16, respectively. Support for claim 102 is found in the specification in Example 4, and contains limitations from original claim 29. Claims 103, 104 and 105 contain limitations from original claims 30, 31 and 32, while claims 106 and 107 contain limitations from original claim 41, and, finally, claim 108 contains limitations of original claim 35. It is believed that these changes do not involve any introduction of new matter, whereby entry is believed to be in order and is respectfully requested.

Claims 76-86 have previously been allowed. As claims 87-108 depend directly or indirectly from the allowed claims, it is believed that claims 87-108 are similarly allowable.

On March 21, 2003, Applicants submitted a Request Under 37 C.F.R. 1.312 for Acknowledgement of Receipt of Information Disclosure Statement, asking that the Examiner-initialed copy of the Form PTO-1449 from the Information Disclosure Statement be provided, and subsequently received an Office Communication on June 5, 2003 purporting to include this form. However, the form was not attached and Applicants are still awaiting the Examiner-initialed Form PTO-1449.

Examination on the merits is respectfully requested.

Respectfully submitted,
